Description

As we all know, appearances matter, and that includes the place where you live. It has to look good aesthetically as one of the attributes for acceptance before even making the move to go in and see its interior. This property certainly hits the jackpot in more ways than one since its presentation is gift wrapped to get you through the door, and isn't that something you can look forward to each and every day you drive or walk home. The cute flat is located in a very quiet residential area at a 5 minutes' walk from the sandy beach of Fustera. It is also close to supermarkets and restaurants including one restaurant which is ideally situated on site!

The beauty about this apartment is that it is fully furnished. That's right, just move in as soon as you are ready and begin a new chapter in your life with new things minus the hustle of logistics for your old stuff except the important ones. And that is not all. Once you step through the door, you will be put at ease by the minimalist design of the house which leaves room for you to project your personality by adding your individual style as you please without seeming over much.

The sitting-dining room has been oriented to allow maximum sun light to stream in while affording lovely views through the glazed doors which the open out to a balcony-outdoor dining area. The balcony looks out to an amazing and cool area with trees and colorful plants giving it a wonderful ambience which relaxes and soothes. A modern fully equipped open kitchen also graces the space with a breakfast bar separating it from the rest of the area. Two bedrooms are also found within the property with one as an en-suite yet both have been fitted with wardrobes.

There is a common pool within the gated complex, great car access, a communal gym and spa for you to pamper yourself at and a garage.

Do not pass up this moment to live near the beach. Just make that one life changing phone call.
