Description

In one of the best areas of Moraira close to golf courses, restaurants and supermarkets is this spectacular beachfront modern villa that redefines luxurious living in every way from its setting to the construction: it is in every material used with no cost spared in catering to your comfort and satisfaction. And to top it all off, it occupies nearly half the plot size and has been well spread in three floors for space, view optimization and elegance.

With glazed walls and pillars to support the front porch on the main level, step into a grand living space which is radiant, breezy and magnificent in every sense of the world. Next to it is a dining area that also serves up the breathtaking views of the Mediterranean as well as the pool area. Next up is a modern equipped gourmet kitchen which has been done in black and white detailing with gray scale effects added by the kitchen appliances installed. What these spaces have in common too are the recessed light fixtures which enhance the intimate atmosphere going on for the home.

There are also 4 bedrooms and 4 bathrooms included within the home. That, and generous terrace space where you can sunbathe and experience total freedom with just you and the gifts of nature. The home also has a gym and a sauna for a complete pleasurable stay.

Outside is a swimming pool and a lovely garden for a tropical paradise. Your tropical paradise if you only make that call.
