### Description

There is nothing modest and unassuming about this property: every plane, angle and material has contributed to this newly constructed luxurious building which features a contemporary design that is exclusive and detailed. It is situated on the front line by the sea next to the Calalga Beach within walking distance of the city, restaurants and shops. It is distinguished, majestic, and regal in every manner.

Starting from the frontal side which is more glazed than most, aluminum pillars support the front porch area, a unique setting in itself which blends in with the façade's color in a balanced theme. Glass sliding doors grant access into the home through the sitting room which is spacious and oriented to provide grand sea and pool views. To the side is a dining area which also serves these lovely views. But wait until you get to the kitchen which can simply be termed as a chef kitchen: in black and white detailing with flashes of gray for the appliances in what is a minimalist aspect.

There are 5 bedrooms giving you that many areas for you to imprint unique colors, patterns and styles just as you have always desired to. And that's not all, each of the 7 bathrooms has been fully fitted to cater to both him and her while affording you the chance to indulge in a long shower, or soak in a bath filled with your favorite bath salts while sipping on some wine and listening to some music- your own me time.

And that is even before you get to the generous terraces and sun bathe as much as you want while enjoying the scenery. Then later go to the pool to cool off, or to the garden to take a long deserved walk. These views are all exclusive to this position, this property, YOUR property! Call us at your earliest convenience and this home can be yours.
