5 bedroom Villa in Javea

Javea, Alicante, Spain

Description

This house in the village of Jávea, practically in the center, is distributed over three floors of 170m² each. On the ground floor we find a huge garage of 60m², with plenty of room for storage as well. In the interior of the garage, which is made completely private, we have a heated pool, kitchenette, sauna and a bathroom, the spa of the house with area to relax and drink something. On the first floor there is an entrance hall that leads to the right to a living room (currently a billiard room), a living room (or bedroom) and through the corridor we access on the left to the separate kitchen with dining room that overlooks a patio of lights and then we have a bathroom with Italian shower and the bedroom area and office. There is a double bedroom that overlooks another patio, an office, a double bedroom and a single bedroom.

In total we have on this floor 4 bedrooms and 1 office. On the second floor we have the brightest area of the house, with a high ceiling living room, kitchen with breakfast bar, a bedroom and a bathroom. Through a large window we access the front terrace with panoramic and sea views. There is also a rear terrace with two barbecues and a wood oven. It's a house that surprises, since from the outside it does not appear to house so many bedrooms, terraces and patios, as well as a heated swimming pool with sauna.
