### Description

This modern design property project is set on a large 1000m2 plot within a new developed area in Javea, not far from amenities and the sandy beaches.

The villa is designed over two levels, on the ground floor a large open plan living area comprising living room, dining room and open kitchen with utility room (the kitchen can be closed by a sliding glass door), on this level we also find a guest cloakroom and a large en-suite bedroom with dressing area. Off the living room and bedroom we have big glass windows and doors leading out to the covered porche areas and the pool terrace.

On the upper level we have a guest bathroom, a guest double bedroom and the spacious master suite with dressing room and en-suite bathroom. Also on this floor we find a spacious open office space leading out to the big open terrace.
