Description

Villa Loma has been designed with a southwest orientation, drawing inspiration from Mediterranean and Ibiza styles. Its architecture is characterized by rounded corners, exposed beams, and vaulted ceilings adorned with beams, evoking the curves of the Mediterranean landscape. The clay tile roof and large windows with shutters allow for optimal natural light, creating an atmosphere of tranquility and harmony. The exterior of the villa is designed as a space for relaxation, featuring a well-maintained Mediterranean garden, a turquoise water pool, and expansive sun-drenched terraces, perfect for enjoying outdoor meals under Jávea's pleasant climate. Spread over a single level, Villa Loma offers a spacious living-dining room, a fully equipped kitchen, a laundry room, three comfortable bedrooms with built-in wardrobes, three en-suite bathrooms, and a guest toilet. The property includes a pergola with space for two vehicles, air conditioning, WiFi connection, a video intercom, and a home automation system for lighting control. The elegant finishes, such as hand-carved natural stones and wooden beams, reflect the authentic essence and sophistication of the region.
