## Description

High above the Mediterranean coastline of Altea, where the sea meets the mountains and every sunset feels cinematic, this villa offers far more than a property — it offers a way of living.Located in one of the most privileged residential areas of Altea, the house enjoys complete tranquillity while remaining only minutes away from the charming old town, beaches, marina, restaurants, beach clubs, golf courses, tennis clubs, and international schools. Alicante Airport is less than an hour away, making the property ideal both as a permanent residence and as an effortless Mediterranean escape.Built in 2003 on a private plot of 838 sqm, the villa was designed to embrace light, views, and outdoor living. With 301 sqm of total construction and 195 sqm of living space distributed over two floors, every corner of the home is connected to the landscape surrounding it.From the moment you enter the main floor, your attention is drawn directly towards the endless blue horizon. The open living area, which incluse living room and the kitchen flows naturally onto a panoramic terrace where mornings begin with coffee overlooking the sea and evenings end with the lights of Altea and Albir glowing in the distance.The master suite becomes a private sanctuary of its own, complete with a walk-in wardrobe, elegant bathroom, workspace, and direct access to the terrace — because waking up to this view should never be reserved only for holidays.The lower floor has been designed for comfort, privacy, and long summer stays with family and friends. Three spacious bedrooms, each with its own en-suite bathroom, open directly onto the main pool terrace, creating a seamless connection between indoor and outdoor living.Outside, the Mediterranean lifestyle truly comes alive.A large swimming pool surrounded by sun-drenched terraces, a summer BBQ kitchen, outdoor dining spaces, and peaceful lounge areas create the perfect setting for slow breakfasts, sunset dinners, and unforgettable evenings under the Spanish sky.The low-maintenance garden and private parking make the property practical and easy to enjoy year-round.But what truly makes this villa unforgettable is the view.Not simply a sea view — but a living painting that changes colour every hour of the day. A view that brings calm in the morning, beauty in the afternoon, and magic at sunset.Some homes are measured in square metres.
Others are measured in the way they make you feel.This is one of them.
