Description

New villa under construction in Tosalet, designed in an elegant Mediterranean-contemporary style that combines clean lines, pure volumes, and natural materials to create a bright, welcoming home perfectly integrated into its surroundings. The project stands out for its spacious open areas, large windows, and a carefully considered connection between indoors and outdoors, offering a comfortable and sophisticated living experience. Outdoors, the villa will feature an attractive private pool, spacious terraces, and a pleasant covered porch with a wooden-beam pergola, ideal for enjoying al fresco meals, relaxing, and unwinding year-round. The summer kitchen with a barbecue and the warm ambiance of its finishes reinforce the property's Mediterranean character. The interior has been designed to offer spaciousness, functionality, and a serene aesthetic, with open-plan spaces, a designer open-plan kitchen integrated into the living area, and thoughtful details that add warmth and personality. Elements such as natural stone, wood-toned carpentry, and indirect lighting create a sophisticated and inviting atmosphere. A charming villa with contemporary architecture, located in one of Jávea's most sought-after residential areas, ideal as a permanent residence or an exclusive second home on the Costa Blanca.
