3 bedroom Villa in Lliber

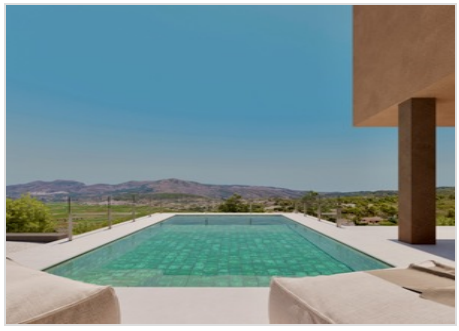

Lliber, Alicante, Spain

1.028.000 €

Ref: 800872

Description

These 3-bedroom detached villas are located in the town of Llíber, on the Costa Blanca North, offering a modern and sustainable living environment with a focus on energy efficiency and integration with the natural landscape. Designed to reflect the local culture and natural surroundings, the architecture incorporates earth tones, traditional dry stone walls, and native vegetation, blending seamlessly into the beautiful Vall del Pop.
The villas are built on plots ranging from 400 to 700 m², with living spaces around 315 m², distributed across two floors. Each home features energy-efficient systems including an aerothermal heating system, underfloor heating, solar panels, and a motorized ventilation system, ensuring low energy consumption. The homes also include a private swimming pool, parking space, storage room, and electric car charging points. For added convenience, each villa is equipped with home automation and offers the option to include one or two electric bicycles to support sustainable mobility within the community.
Residents will also have access to Elements EcoResidencial, a project under construction that includes a variety of amenities designed to promote well-being and community living. These include an ecological vegetable garden, social club, restaurant, gym, spa facilities, outdoor and indoor pools, playgrounds, yoga decks, and more encouraging a healthy lifestyle and respect for the environment.
With impressive views of the surrounding vineyards and countryside, these homes offer a peaceful setting while providing the benefits of modern living in a sustainable and community-oriented environment.
