Description

This beautiful finca can only be described as Paradise, an oasis of luxury and splendour set on a large private flat plot with breath taking panoramic sea views overlooking the Mediterranean sea.

This unique finca has been reformed to a very high standard and furnished to perfection. Entering through the grand driveway gates and along the long impressive driveway there is a large paved area with ample parking for many cars. Here we have access to the internal double garage and the principal entrance, this gives way to a large entrance hallway which provides access to a further internal hallway. Off the hallway there is access to the large guest bedrooms all with a dressing area and en-suites. Moving further along the internal hallway there is a large guest shower room and access to the absolutely delightful Turret accommodation. Here we have a snug lounge with access out to a summer room which looks out to the garden and the sea. Also, within the turret there is access to the only second floor area of the property as 90% of the property is set over one level providing easy access throughout the property. On this second floor there is the Master bedroom, large en-suite and one Juliet balcony and one further roof terrace. Both areas have panoramic sea and country views in all directions

Leaving the turret area, there is a further guest bedroom and en-suite. Continuing down the hallway there is a spectacular spacious lounge and dining room. The lounge has a traditional large wooden fireplace and a raised dining room area with easy access to the large tailor-made kitchen with a large built in pantry, which has access to a further second larger dining room ideal for large family gatherings and a small study/Office.

The large oval 12m x 8m swimming pool is found in the centre of the property. There is also a further dining area and bar area set within the Nayas surrounding the pool area.

The gardens have been wonderfully groomed to provide an idyllic Mediterranean lush garden set over 8000m2 providing total privacy and tranquillity. There are many shaded areas throughout the grounds which are ideal for al fresco dining and entertaining.
